

Thank You

FOR YOUR PATIENCE AND UNDERSTANDING
DURING THE COVID-19 PANDEMIC

The COVID-19 pandemic has pushed us to learn new ways to operate, connect, and perform for our adopters. We are learning as we go, and we strive to make every interaction a positive one! If you were sent home with your packet, you are accepting the terms and conditions of our contract by taking possession of one of our dogs. If you cannot, or choose not to comply with any of the conditions, you have 8 hours to contact us and we will reclaim the dog. Our typical procedures have been changed to support the best balance of convenience, needs, and desires of both our adopters and our organization.

Veterinary services have been limited, so we have been urged by our vet to take care of non-emergency procedures such as vaccines and deworming at our foster homes and ranch when possible. Also, routine surgeries are not being performed, so contact your coordinator to find out the options for spay or neutering of your new pet.

**Please complete, sign and send
copies of FRONT and BACK of the
contract via text or email.**
